

Free online books for KS2 Children

<https://readon.myon.co.uk/library/browse.html>

'myON' is an online platform by Renaissance – the same company who produce Accelerated Reader. During these unprecedented times where children are learning from home, they have kindly given us free access to myON, where you can search over 7,000 books, which are made up of a wide range of fiction, non-fiction and poems. You are also able to access up to date news in their 'news' section.

This is a fantastic resource for families to search for a book to read and then complete a quiz at the end. There are many ways you can search for books on here, but one way you may find useful is searching by your child's year group. You can do this by clicking on the 'year level' section in 'search' and then click the magnifying glass to display the results:

You can also download myON as an app, just type in 'myON' in your app store to locate it. It is available on iPhone and Android.

We recommend you explore the site and encourage your children to access these fantastic books as another option to ensure they are reading daily / regularly at home.

Happy reading!
