

EYFS Home learning project.

The Lighthouse Keeper's Lunch.

Below are some ideas that you could do/make about The Lighthouse Keeper's Lunch for our home learning project. Please post your work on Tapestry so that we can see it. Watch the story on YouTube or if you have your own copy of the book, you can read this with an adult.

Literacy

- Can you find things that begin with the letter 'l' or words that have got the 'igh' sound in them?
- Have a go at saying and / or writing words that rhyme with light.
- Write the names / or first letters of some food that you would like to put in your own picnic basket.
- Write some sentences to retell the story or about one of the story characters.
- Can you retell the story to a grown up and maybe ask them to video your story?
- Search online for some other Lighthouse Keeper's adventures and watch them to find out more about Mr and Mrs Grinling and their cat Hamish.

Mathematics

- Choose some things that you might put in your picnic basket. Can you feel them and put them in order from the lightest to the heaviest?
- Can you count how many pictures of seagulls you can see in the story and write the number?
- Do you know which days we have on a weekend?
- Carry out a survey to find out which sandwich fillings are the most popular? Ask members of your family when you talk to them and make a chart to show what you find out.

Other Activities

- How do you think the characters felt in the story?
- Make a lighthouse or a seagull using paper and tubes that you might have at home. Try to get more accurate using scissors to cut.
- Draw a design for your own delicious sandwich and then have a go at making it.
- Build a lighthouse using some Lego or other toys you might have at home.
- Design some outfits that Mr and Mrs Grinling could wear in the Winter or Summer.
- Try learning this pirate song by watching <https://www.youtube.com/watch?v=YOA3he2Gv4M>
- Find out more about real lighthouses by watching <https://www.youtube.com/watch?v=QbyGznyf7BI>
- Find out more about different sources of light by watching <https://www.youtube.com/watch?v=3E10KEDouVA>
- Look at a map of the UK and find out where some lighthouses can be found.
