

# Nursery and EYFS Superheroes!

- Thinking about our heroes in the NHS and all the frontline key workers. I would like the children in Nursery and Reception to design their own superhero!
- This could be achieved by drawing, painting, writing, dressing up or recording a video of a combination of different activities.
- You could write a superhero adventure, write a script to act out, use things from around the house to make a superhero costume, make a superhero family...
- You will need to think about what makes a hero, are they super human or everyday people? What makes them special, do they have any powers and do they have an alter ego?
- As always, I look forward to seeing what you can create. I am sure it will be great!
